REMARKS

The Examiner's restriction requirement is traversed. Contrary to the Examiner's assertion, claims 1, 10 and 16 are generic to FIGS. 2, 3, 4, and 5.

In particular, each of the "restricted" FIGS includes, as claimed in claims 1, 10, and 16:

"sending an identification request from a telematics unit to at least one electronic module," as shown at 220, 310, 420, and 510;

"receiving at least one electronic module identifier at the telematics unit in response to the identification request," as shown at 230, 320, 430, and 520; and

"transmitting the electronic module identifier from the telematics unit to a call center," as shown at 240, 350, 440, and 550.

Despite the error in the restriction requirement, Applicants elect, with traverse, FIG. 2, which the Applicants describe as claims 1-5, 10-14, and 16-20.
